514-771-2596

Montreal, Canada

Languages : fluent

English & French

Bio / Objective

Always been passionate with the entrepreneurial and start-up world, both business and the technical part. As a dedicated and motivated developer, I am seeking junior level position in this environment to learn and grow within.

Work experience

Marketing Intern, Ubisoft - Guildford, UK - Sept 15/Dec 15

- Brand manager on TrackMania Turbo supervised by a senior brand manager
- Collect, analyze and interpret marketing data for multiple projects (AC Syndicate, FARCRY Primal, TMT..)
- Represent the brand at PR event

Waiter, Les Tontons Flingueurs - Montreal, CA - Jan 15/Jul16

Providing menus, meeting special customer demands, taking orders, bring food to tables, barista, refilling glasses, and cleaning tables.

Salesman, PDS - Montreal, CA - Winter 2013/14/15

Involved in stock control & sales by handling customers and management queries

Game tester, Ubisoft - Montreal, CA - Summer 2012/13

Learn to work in team with harsh deadline

Education

2017 (Summer) FullStack Developer bootcamp, Le Wagon Montreal

2016-18 Entrepreneurship certificate, McGill University

2014-15 B.Art&Science in Economic, Concordia University (transferred)

2014 French Baccalaureate in Economics & Social, Stanislas College

Technical skills

Ruby, GitHub, OOP, SQL, HTML5, CSS3, JS, Rails, Heroku

Knowledgeable : Adobe Experience XD, Illustrator

Side project (start-up idea)

Been working on five projects in the last 4 years, created some alpha design, one bp with a team and will start working on the technical part after LeWagon one project at a time (can discuss it on demand).
